FOCUS AREA: EDUCATION

The Education focus area is designed to allow students to explore various education fields with an intent to continue their studies after transition into programs in Early Childhood, Middle Grades, Secondary, Special, Health and Physical Education, and Speech-Language Pathology. The goal of this program is to encourage the development of a strong curricular foundation in education while allowing the student to explore areas of interest more deeply through a selection of focus classes. Academic advisement for this program is provided by the School of Arts and Professional Studies.
