Students who earn the A.S. degree in middle grades may pursue the bachelor's degree at another institution. Academic advisement for this pathway is provided by the School of Arts Sciences. The Middle Grades Pathway does NOT lead to the Bachelor of Science program at SGSC.

**This map is not a substitute for academic advisement—contact your advisor if you have any questions about scheduling or about your degree requirements.** Also, see the current undergraduate catalog for a complete list of requirements, electives, and pre-requisites. This is a typical schedule. Depending on course availability, other courses in the IMPACTS domain may be substituted. Discuss any substitutions with your advisor. (FoS Field of Study)

The USG core curriculum, Core IMPACTS, is designed to ensure that students acquire essential knowledge in foundational academic domains and develop career-ready competencies. There are seven Core IMPACTS domains. As presented in the table below, IMPACTS is a mnemonic to emphasize the impact of the overall core curriculum.

| Core IMPACTS |
