The Business focus area is designed to allow students to explore various business fields with an intent to continue their studies after transition into programs in Business Administration. The goal of this program is to encourage the development of a strong curricular foundation in Business while allowing the student to explore areas of interest more deeply through a selection of focus classes.

This map is not a substitute for academic advisement—contact your advisor if you have any questions about scheduling or about your degree requirements. Also, see the current undergraduate catalog for a complete list of requirements, electives, and pre-requisites. This is a typical schedule. Depending on course availability, other courses in the IMPACTS area may be substituted. Discuss any substitutions with your advisor. (FoS Field of Study)

The USG core curriculum, Core IMPACTS, is designed to ensure that students acquire essential knowledge in foundational academic areas and develop career-ready competencies.
